MOSS MAKES FINAL PLEA

Special Prosecutor Denounces
I. W. W. and Reviews
Evidence for State.

Unable to agree upon a verdict after considering the testimony and evidence in the case for more than nine hours, the jury before which Charles Krieger was tried during the past month on the charge of conspiracy to dynamite the home of J. E. Lewis in this city on the morning of October 29, 1917, retired last night. The proceedings of the case which has occupied the entire time of the court since October 6, closed at 2:45 o'clock yesterday afternoon with the final argument of the state, immediately after which Judge Redmond & Cole placed the jury in custody of the bailiffs for consideration of the case.

The session was opened yesterday morning by arguments of Fred H. Moore, chief counsel for Krieger. The argument took the form of raising in the minds of the jury the incompetency of testimony of witnesses for the state as against the defense, going to show Krieger was not in Tulsa at the time the conspiracy was planned, according to the confession of Hubert Vowell. Vowell declared John Hall conspired with Krieger in this city October 25 and 26, to destroy the home of the vice president of the Carter Oil company, and that acting under this unlawful agreement, Hall employed Vowell and Frank Benson to assist in the dynamiting of the home.

CONVICTS ARE READY

Sixty from Penitentiary Go
to Dawley—Troops Will
Set Up Camp There.

Special to The World.

MALESTER, Nov. 8.—Soldiers will make a camp at the C. W. Dawley strip mine in Pittsburg county. A convict gang of 60 men will be moved there and all preparations made for mining coal Monday.

Just the same as if the strike were expected to continue indefinitely. "I might be convinced beyond a doubt the miners are going to return to work before we will stop our activity," Governor Robertson said in a long distance phone conversation.

"General Barrett will continue carrying out his plan until the miners are ready to step in and take over the work."

Three thousand tons of coal have been stripped bare of earth at the Dawley property. The convicts can load 500 tons a day, it is estimated, more than railroad cars can be supplied for.

Governor Robertson's orders to open one of the shaft mines at the penitentiary farm will also be carried out by Fred Switzer, warden on Monday. Operation at the McAlester-Edwards mine at Pittsburg, an open shop place, was resumed Friday with a production of nearly 250 tons for the two days.

Several troops there reassured the miners.

Head-on Collision Between Chan-
ute and Humboldt.

TOPPEKA, Kan., Nov. 8.—Six passengers and two railroad employees were injured in a head-on collision between two passenger trains on the Santa Fe railroad at Chanute and Humboldt, early this morning.

According to reports reaching the general offices of the Santa Fe here, the collision was reported to be of a slight nature. The injured include W. M. Angline, Jenks, Okla.; William Lee, Alva, Okla., and C. E. Sapp, Tulsa, Okla.

Runaway Street Car Misses

Score of Autos; None Hurt

Speeding down Fourth street from Boston to Elwood at the rate of 30 miles an hour, a runaway street car on the Oklahoma Union Railway company line at 6 o'clock Saturday afternoon missed by a scratch a score of automobiles and landed practically intact in a ditch a few feet from the house into which one of the larger interurban cars plunged about four weeks ago. In leaving the track at Fourth and Elwood the car ran up over the curb, missed the large electric light pole by about three feet and then used the sidewalk for a

LEAGUE IS CHIEF ISSUE

Campaign Fought Out on
Approval of President's
Program.

OKLAHOMA CITY, Nov. 8.—The

election of J. W. Harrell, republican nominee, who made his race on an anti-league of nations platform, over the democratic nominee, Claude Weaver, seemed assured tonight on the face of complete unofficial returns from 28 out of 35 precincts in the fifth congressional district.

Returns from the 236 precincts gave Harrell a majority of 1,040, the vote being as follows: Weaver, 10,773; Harrell, 11,813.

No further returns were expected tonight from the remaining 29 precincts which are in outlying districts with poor telephone facilities.

The campaign was fought out on the league of nations issue. Mr. Weaver announcing at the outset of his campaign that he favored the adoption of the covenant. Mr. Harrell demanded strong reservations.

Mr. Weaver was nominated in a large field of candidates at the democratic primary, his closest competitor being Roy E. Stafford.

The election was to fill the vacancy caused by the death of the late Congressman Joseph H. Thompson. Mr. Harrell's election gives Oklahoma two republican congressmen, Congressman Dick T. Morgan being the other.

Oklahoma county, largest of the seven which make up the district and normally the pivotal county, returned a majority of 1,013 for Harrell. Oklahoma county's 75 precincts gave Weaver 3,980 against Harrell's 4,993.

Few women added their votes to the fifth district race, but in today's election and election board officials predicted an unusually light vote.

The election of Judge Harrell as congressman from the fifth district at yesterday's election, a hitherto strong democratic district, was the source of much gratification among Tulsa Republicans last night.

The telephone to The World and the Tulsa Republican clubrooms were kept busy during the night answering inquiries on the election returns.

The returns from the very start were favorable to Judge Harrell and as they kept reaching Oklahoma City and revealed the judge keeping his lead, the enthusiasm of the local statesmen knew no bounds.

The Daily Oklahoman was consoled Harrell's election by 1,400 majority, while friends of Claude Weaver placed Harrell's majority at 400, with the republicans conservatively putting the majority figures at 1,000.

With a few scattering precincts still out, the returns showed that Harrell carried 28 out of 35 precincts in Oklahoma county majority 1,000 and Oklahoma county with 1,300 majority, went republican while Cleveland, McClain, Garvin and Murray counties remained democratic.

Would Repeat River Bill

WASHINGTON, Nov. 8.—Senator

Kenyon of Iowa today introduced a bill repealing a provision in the Rivers and Harbors act of July 18, 1918, which authorized the dredging of a channel 1,000 feet wide and 40 feet deep from the outer bay of Charleston, S. C., to the Charleston navy yard.

clares "Open Season on Ameri-
cans" in Mexico.

WASHINGTON, Nov. 8.—Resolutions bearing on the kidnapping of William O. Jenkins, American consular agent at Puebla, Mexico, were introduced today in the house and senate.

Representative of New York, would request the state department to take immediate steps to have the Mexican government reimburse the Americans who paid the \$150,000 ransom for Jenkins.

The other by Senator King, Democrat, Utah, would ask the state department to report whether the Mexican government had been requested to reimburse Mr. Jenkins for the amount of the ransom.

Both resolutions were referred to committees.

In offering his measure, Representative Gould charged that the state department "in open and cynical repudiation of sacred government obligations to protect the lives, liberty and property of its citizens, has declared an open season on Americans and the official representatives for bandits and thieves in Mexico."

REPUBLICANS VOTE SOLIDLY

Six Democrats Also, Favor
Proposal—Five Vote for
It, One Is Paired.

WASHINGTON, Nov. 8.—A reser-

vation proposing to safeguard the nation's right to withdraw from membership in the league of nations was adopted by the senate today with every republican senator and six democrats voting for it or paired in its support.

Holding the whip hand by a safe majority, the republican leaders swept aside every suggested modification and carried the reservation through exactly as approved by the foreign relations committee. Two republican senators of the mild reservation group led a stubborn fight to alter it, but after they had failed, voted for adoption.

Six Democrats for It, and pairs announced for the absentees showed the entire senate membership to be divided 55 to 41. Five democrats, Senators Reed, Missouri; Gore, Oklahoma; Smith, Georgia; Walsh, Massachusetts; and Chamberlain, Oregon, voted in the affirmative, while Senator Snydels, democrat, Tennessee, was paired in favor of the reservation, the first of 14 proposed by the committee to carry out a program which its sponsors say has been pledged a safe majority throughout the reservation provides.

"The United States senate stands in complete and unqualified support of the United States in its obligations under the league of nations as provided in article 1, section 10, of the constitution," the committee said in its report.

The committee also stated that the sole international obligations and all its obligations under the said covenant have been fulfilled, and notice of withdrawal by the United States may be given by a concurrent resolution of the congress of the United States.

Senator Walsh, democrat of Montana, then proposed to strike out the congressional authorization. His motion was beaten, 49 to 30. A similar motion previously by Senator Thomas, democrat of Colorado, was withdrawn. Mr. Thomas saying he was sure it would be proposed.

A motion by Senator Gore to empower either the president or congress to give notice of withdrawal was voted down 68 to 18. Senator Charles McNary, democrat of Oregon, moved to make the provision relative to judging obligations applicable to all the league members, but that was rejected by a vote of 68 to 18.

The purchase of homes and otherwise was exchanged during the day of debate, which preceded the roll call.

Today's voting brought the senate to the crisis of the whole reservation fight on the question of qualifying Arkansas county majority 1,000 and Oklahoma county with 1,300 majority, went republican while Cleveland, McClain, Garvin and Murray counties remained democratic.

With a few scattering precincts still out, the returns showed that Harrell carried 28 out of 35 precincts in Oklahoma county majority 1,000 and Oklahoma county with 1,300 majority, went republican while Cleveland, McClain, Garvin and Murray counties remained democratic.

Secretary of Strikers Is As-
sailed—Is Danger to the
Country and to Labor.

By The Associated Press.

WASHINGTON, Nov. 8.—In its report, submitted to the senate today, the senate committee characterized all strikes as "industrial barbarism."

The committee summed up its findings as follows:

That laborers in the steel mills had a just complaint relative to long hours of service, though wages were satisfactory.

That they had the right to have representatives of their own choosing present grievances to employers, though possibly the representatives should come from the industry affected.

That behind the strike there was a considerable element of I. W. W. anarchism, revolutionism, and Russian sovietism.

Remedies suggested by the committee included:

That congress establish a commission somewhat of the nature of the war labor board, with wide powers through which the power of compulsory arbitration.

That an Americanization law be passed requiring the effective education of foreign and native laborers.

That congress consider ways and means of extending aid to workmen seeking to buy their own homes.

That naturalization laws be amended so as to provide for the deportation of aliens who fail to learn English within five years.

That congress enact stringent legislation dealing with anarchists, revolutionists and all "call who would destroy the American government."

By The Associated Press.

WASHINGTON, Nov. 8.—The senate labor committee's report on the great steel strike, made public here today, embodies the most scathing indictment of the relations between capital and labor that has fallen from the pen of statesmen in years.

Declaring that the real victims in all industrial disputes is the public and that "it is not to the credit of our nation that no way has been devised to settle these disputes outside of strikes," the committee goes beyond the usual dispute of the committee upon it by the senate and purposed the establishment of a federal industrial commission with large powers of compulsory investigation and recommendations.

Educate Foreigners.

Furthermore, asserting that a large percentage of the strikers are foreigners and illiterate, the proposition is made that the good among them be educated, assisted in the purchase of homes and otherwise encouraged while "those who come for the purpose of stirring up trouble against this government and attempting to undermine and overthrow it should be deported to their native land and shipped back to the land from which they came."

"If the laws are not now sufficient," says the report, "to deport such characters, congress should immediately enact laws covering this serious situation."

William F. Foster, secretary of the committee composed of the 24 international unions managing the steel strike, and in the senate, the committee's opinion, the real leader in the walkout, was drawn and quartered.

"He believed that nothing was illegal if necessary to carry out his views," the senators say. "His client, Houston B. Tedlow of Oklahoma as registrar of the treasury, Senator Owen and Gore had recommended Joe Lynch of Stillwell, Okla. Harrell has been an employee of the treasury department for many years."

Lynch was recommended for an appointment as auditor in the war department.

U. S. Peace Mission
to Be Recalled Soon
From Duties in Paris

WASHINGTON, Nov. 8.—The

American delegation to the peace conference will be recalled within a very short time, it was learned today from an authoritative source.

The Hotel Critlon, headquarters of the American delegation, will be given up at the end of the present month.

Although there are pending questions of importance before the peace conference, such as the Fiume question, it is the belief of the administration that these matters may be handled through the American ambassador at Paris.

COLUMBUS, Ohio, Nov. 8.—Ac-

cording to announcement made by the Cuyahoga county (Cleveland) election board, the official vote in that county gives the wet a gain of 1,099 on the federal prohibition amendment over the unofficial figures reported to the secretary of state. This would reduce the dry majority for its amendment to 381.

Complete returns from all but two precincts in the state, including official returns from 85 of the 88 counties which were tabulated at 11:30 o'clock in the afternoon at the office of the secretary of state gave the dries a majority of 1,480 votes in favor of ratification of federal prohibition. The vote stood: For ratification 499,776; against 498,296.

BALTIMORE, Md., Nov. 8.—

State Attorney General Albert C. Ritchie, democrat, was elected governor of Maryland at last Tuesday's election by a plurality of 165 over Harry W. Nive, republican, according to the complete official returns, the canvass of which was finished today.

It was the closest gubernatorial election ever held in this state.

Prohibit Walkouts.

By The Associated Press.

WASHINGTON, Nov. 8.—Finally refusing to include an anti-strike clause in its program of permanent railroad legislation, the house interstate commerce committee tonight passed the bill which will be presented for consideration in the senate beginning on Tuesday. Passage of the bill by the end of next week is planned. Republican Leader Mondell informed the house on adjournment tonight. By that time, he said, he hoped the treaty situation in the senate would be such as to permit adjournment of the special session of congress.

The committee worked all day on the labor provisions. Various forms of anti-strike legislation, including a provision carrying fine and imprisonment for strikers were voted down.
